Details of the Shocking Affair Sent Story Published in a Morning Paper Branded as Being Untrue.

MR. BATEMAN IS ASTOUNDED

Messrs, McMillan, Miller and Mann Say There Was No Disturbance Out at Saltair.

"There was no disturbance at Saltair yesterday," said Manager Bateman of the Salt Lake & Los Angeles Railroad company. "The article which appeared in a morning paper was without foundation in fact, so far as I know. When I came in on the train last night I walked through the cars and saw no such disgusting scenes as were so harrowingly detailed by that paper this morning. I was congratulating myself and the beach management upon the orderly conduct of the seven or eight thousand people we had out there."

"It seems to me," said Mr. McMillan, that the writer of that article was animated by some personal grievance or was prompted by the policy of the paper to do injustice and harm to the resport. I am positive that there were such scenes enacted as are depicted the paper

Excursion Agent Mann said: "I was t Saltair beach until 10:15 last night nd no disturbances occurred to my owledge, and I was all over the pa lon, from one end to the other, and om top to bottom.

Manager Miller of the Saltair Beach company characterized as untrue the statements made and he was at the

AT THE RESORTS. Big Crowds Spent a Pleasant Day

Bathing and Rusticating.

The two railroad resorts yesterday enjoyed a patronage which was gratilying to the managements and so far as known but one accident occurred to mar the enjoyment of the people. The Salt Lake & Ogden railway carled near 4,000 people to Lagoon, the ertable" size. As is always the case he menagerie attracted the excursion ists almost every one of whom paid a lay. A curious fact is that a baby successive event of the kind to occur on Decoration day. Olson's orchestra arnished fine music and the boys and cirls danced to their hearts' content "papa" and lavishly patronized the merry-go-round. Many family parles enjoyed the day there, filling the regaling themselves with picnic lunch-cons brought from home or with sand-wiches purchased at the counters. The wiches purchased at the counters. The last train in was late-a fault that nust be remedied, as the schedule time

is plenty late enough for people to eatch cars and get home comfortably. AT THE LAKE

Saltair had about 5,000 people, the rowds at this resort and at Lagoon eing of about equal proportions. The day was spent in bathing roller skat-ing and picnicking. The last train came in on time, a feature much ap-preciated by patrons who desire to get rome in good season.

Was No Fight.

It has been persistently asserted that the cause of the resignation of Super-intendent Harris, of the Wyoming di-vision, was a physical encounter be-tween himself and General Manager

Dickinson or President Burt. The difficulty was said to have arisen the recent tour of inspection made President Burt and other officials of road over the cutoffs to the west his report is laughed at and strenu usly denied at headquarters, and it is urther stated that these two gentlere at present out together on the Mr. Harris resigns to accept some road, but what position has been tendered him has not been learned.

Mythical Story.

Says the Laramie Boomerang: The story recently published in some of the State papers to the effect that either Conductor Storey or Conductor Wolcott would succeed H. E. Van Housen, of Green River, recently resigned, as sup-erintendent of the middle district, is own to have been a myth by a buile issued from the general manager's log extending Superintendent Hay's risdiction, heretofore covering the istrict and the yards at Green River. n the 1st of June.

grading for the extension of the Burlington west of Guernsey. The officials of the road have persistently denied that it would build farther than Guernsey, but this grading work, in view o the fact that the entire line from here to Salt Lake has been surveyed, is taken to mean that the B. & M. is in earnest about going on west, and that proposes to do so right away. At present the graders are working in be the outlet for the line onto the Lara-nie plains. The yards here have been made large enough to accommodate thousands of feet of tracks, and it is believed Guernsey is to be made a division point and car shop town.

A KANSAS STOCKWOMAN. Owns 3,000 Acres and Handles Nearly 3,000 Cattle Annually.

The leading woman stock raiser of Kansas is Miss Mary Best of Barber county. She came from England and settled in Medicine Lodge ten years ago and soon after engaged in farming and stock raising, says the Denver Stockman. With the possible exception of ex-Congressman Jerry Simpson, Miss Best owns the finest farm in Barber county. She owns and controls 3,000 acres of land, 70 acres of which are in cultivation. She is dealing exten-sively in cattle and now has on her ranch near Medicine Lodge about 2,000 head, of which 700 head are her own and the rest she is holding for other parties. Miss Best handles from 2,000 3,000 head annually and has always made money. She has also a contract with the United States government to grow 450 bushels of sorghum seed. The seed is furnished by the agricultural department and is without doubt the finest grade in the world. Miss Best s a young woman of more than aver age intelligence, and is known all over Barber county for her good business seinse and her ability to manage large farm.
